

Meanwhile, I'm happy to say that NAPS is thriving, and continuing to develop and change in positive ways. We are currently seeking an Executive Director for the school. Do you have any suggestions? We have two strong candidates, one who is Chippewa and the other Navajo. We will be interviewing for the next six weeks and would appreciate any ideas you might have.

I hope this letter finds you and your family well. We, the Ettingers, think of you often, and with great admiration.

Respectfully,

Barbara Ettinger, President  
The Educational Foundation of America
