

Wilma,

The letters which Merry Sunday asked you to write on behalf of Warren Tyron are attached. They are pro forma right now because in reading the materials I found that: the policy does state that students have to have a "C" or better in core courses, not just an overall grade point as he alleges; and it would appear from the copies of the papers that his behavior/attitude may not have been appropriate (eg copies of the tests on which he had written comments like "ass hole.")

On the other hand, there is room to believe that preferential treatment may be/have been applied -- although there is no accompanying documentation.

The piece about the relationship between the two staff in the program has not been addressed in your letter. It is to be hoped that there is no "lesbian bashing" arising from the students' comments. If there is, it is probably not an issue appropriate for your comment --ergo, there is no response to that item.

Also attached for you convenience is a reply to Ms. Sunday to let her know you have followed up on her request.
