=====

The membership of the Cherokee Cultural Society of Houston is now at 106! We are very excited about the prospects of our group. We also have a 24" seal of the Tribe carved in walnut. You may recall from our visit the story of the donor.

I will be in the Tahlequah area Wednesday through Friday of this week. Is there a time we might meet to see if you will be available to speak at our meeting on January 7? Our newsletter will go out December 20th and we would like to announce the speaker in that publication. Please advise of there is a time convenient for you. If you can't get back to me today, the people at the bank in Hulbert (772-2572) will know of my whereabouts during my stay.

We appreciate your support.
