Wilma,

Silly

First of all I would like to say that my family and I enjoyed watching you and Bill Cosby last month on T.V.

My wife said something to the effect like, I feel like I know her and that she knew someone else from Tallequah.

It seems as though you're becoming a national hero. A little over a year ago a Des Moines Iowa paper had a pretty good write up about you and our people.

You even got a mention on an Illinois T.V. station.

Beside congratulations, I have a few questions I hope you can help me with.

First, on my degree of Indian blood card, they have me down as Charles Basil Ratliff instead of Charles Basil Ratliff. Can this be corrected and a new card issued?

Next I was wondering if I can get cards for my two daughters. Ages 10 and 6.
