SUBJECT:

Christmas Reception at my house

DATE:

12/2/94

I am planning a Christmas reception for approximately 50-60 employees at my house on December 20, 1994. I would appreciate it very much if you can help with this again. Work with Nita on an appropriate budget. In my view, the cost should not exceed \$300. Cater as much as you can so you don't have to work as hard as you usually do. We will probably try to decorate on Sunday, December 11th. If you can help us on that afternoon, that would be great. If not, we can handle it. As always, we appreciate your assistance. Of course, you are both welcome to stay and enjoy the camaraderie of your fellow employees.

Please let Nita know.
