Dear Chief Mankiller:

President Freedman shared with me your recent note in which you indicated that you would be willing to return to Dartmouth as a Montgomery Fellow sometime after the fall of 1995. As Executive Director of the Montgomery Endowment, I am writing to say how pleased I am at the prospect of having you here as a Montgomery Fellow.

The fall term on the Montgomery schedule is already booked but I do have the winter term open. That term runs from January 3 until around March 10. As you probably know, the length of a Montgomery Fellowship varies anywhere from one week to a full term. I am hopeful that you can give us at least two weeks of your time. That allows for more of a presence on campus in that you would have an ongoing relationship with our students over that period.

I am enclosing a brochure of the Montgomery Endowment. Since it was printed we have had Wangari Maathai, Christa Wolf, David McCullough, and Leon Lederman as Montgomery Fellows. Once you have given me the length of time you think you can spend here at Dartmouth, I can determine the honorarium and will get back to you concerning that.

I look forward with great anticipation to hearing that you will be able to join us in the winter of 1996.

Sincerely yours,

Barbara Gerstner
