Don Vaughn said that Emily Cornsilk had reported to him that GSA was looking into wide scale abuse of GSA vehicles and will be doing spot checking on usage to what extent he did not know. Don said that he and Jeanne had already started to review the usage because of some recent occurrences. Don wanted you to have this information.

Rebecca Adamson called regarding your trip to New York. She wanted to get with you and Gloria Steinem. Her home phone number is 703-371-5915 or in New York at Ann Roberts, 212-348-8928. I told her that Gloria had called and indicated that she would only be home until Sunday and then she would be going on a book tour.
