Our client number is well on the way to 1,000 men, women, and children with such illnesses as AIDS, Cancer, Transplant illnesses, Crohn's Disease, Leukemia and many other catastrophic illnesses. We are a unique group in that we do not limit our assistance to any one disease. We do not feel that we can refuse anyone who needs our help.

Our organization is 4 years old, having gone from a garage to a miniwarehouse to a large storefront housing our complete organization in East Dallas.

Our goals are to have 2 hospice facilities within 2-5 years to care for the many who have no place to go for care and to have a funeral home and cemetery within 5-7 years to offer last rites at little or no cost to those who have no insurance for funeral expenses.

We have a board of community leaders, including nurses, doctors, housewives, lawyers and bankers to retired bookkeepers and terminal clients. A volunteer base operates our facility with no paid salaries for the charity portion of our organization.
