Dear Darryl:

Sorry, you will have to count me out of "Voices From The Earth". The questions you have asked are very important and require a great deal of careful consideration and writing. My schedule is so crazy now and for the foreseeable future, I simply do not have time to do this project at this time.

After my term ends in the late summer of 1995 maybe I will have more time.

Congratulations on your Ford Fellowship.

Best wishes.

Sincerely,

Wilma P. Mankiller  
Principal Chief
