Dear Principal Chief Wilma P. Mankiller:

I am one of the registered Cherokee Tribe members who responded to your call to meet with you in Sacramento, California this past Saturday, October 22, 1993.

The meeting was a very momentous occasion for both myself and my husband, who attended it with me; profound is the word. We hope that you will hold your position for many moons to come.

My husband has not only a wonderful way with people, as you do, Dear Principle Chief, but has a knowledge regarding education that he would like to convey to The Cherokee Nation Department of Education, if amendable. I used the amendable because he does different ideas on education for the most part that is being presented, for he believes that students should be taught how to learn.

I have a request that I would appreciate having the matter passed onto the Tribal Register. I need an address change for my Cherokee Registration Card.

Cherokee Registry Number C0105748

Name: Mary Ellen Fulton Saunders Date of Birth: 08/30/1928

New address: 415 N. Main Yreka, California 96097

As I close this letter to you, I wish not only to thank you for the information, the spiritual message as well, but to add the beginning prayer in the Cherokee Language and the ending song in The Cherokee Language will be forever remembered with love.

Enclosed is Dr. C.W. Saunders resume.

Yours truly,

*Mary Ellen Fulton Saunders*
