Dear *Wilma P. Mankiller*

FACT of the Lehigh Valley, an organization dedicated to the concerns of persons afflicted with the HIV virus, is planning a fund-raiser to benefit the Family Support Funds, included in this fund is a special Baby Angela Trust Fund, so named for a child who died from AIDS. It is our hope to be able to use these funds for the needs of children with HIV/AIDS or whose parents are afflicted. We hope to provide financial assistance for personal needs, for items such as a TV for a bedridden person or even for funeral expenses.

The fund-raiser we have chosen is a cookbook sale. The cookbook will include recipes from members of our own organization, celebrities, politicians, entertainers, and local chefs.

Would you be kind enough to contribute one or more of your favorite recipes for this special project? If so, please send them to:
