

The Cherokee Nation is building a Bingo Outpost very near you (Siloam Springs) shortly. Maybe you could review the jobs there when they become available. If that would work out, you could at least work closer to home. The hourly pay at the Bongo Outpost is not quite what you are making now but there are bonuses based on profitability of the operation that bring the hourly pay very near to your present pay.

I hope the above has been helpful. Best wishes.

Sincerely,
