Dear Chief Mankiller,

Enclosed please find pictures of one 1860 leather bound Cherokee Bible, and one Medicine Bag.

The Bible is 5" x 7 1/2" x 7/8" leather bound and in good condition.

The Medicine Bag is 9" long, 5" wide and tapers to 1 1/2" at bottom. The rosette is 2 1/2", the trade beads are 1/8", and the bone bead is 1".

We are trying to find out a value for each of these items and also any persons or places that deals in these type of items.

We greatly appreciate your help with any information you can give us.

Sincere thanks,

*Daniel R. Duckwall*
