Dear Chief Mankiller,

My thoughts and prayers have been with you during your recent illness. I'm so glad to hear that you are at home and feeling better.

I missed seeing you at the Trail of Tears Art Show in June — being able to see you has always been the high light of that event for me. Four of my five sons, my sister, and my collectors from Georgia and Okla. City attended with me this year and they also wanted to meet you.

My oldest son James, my sister and my husband plan to leave for Red Top Mt. State Park in Georgia for a dedication of a memorial to my great great great grandfather, Young Deer,
