The attached memorandum from the Director, Commissioned Personnel Operations Division, indicates approval of your exceptional capability promotion effective February 1, 1987.

The process for exceptional capability promotions is highly competitive and provides the mechanism to identify those officers who are truly providing exceptional service to our country.

I personally congratulate you for your efforts in achieving this recognition and feel confident that your future activities will continue to demonstrate your professional capabilities and dedication to achieving the program goals of HRSA and the Public Health Service.
