Re: Fund-raising letter for SAFE
Date: December 28, 1993

Sorry.. I have been absolutely swamped with work related to the book. The publisher wanted me to do as much work as possible before the Christmas Holidays and I certainly did that.

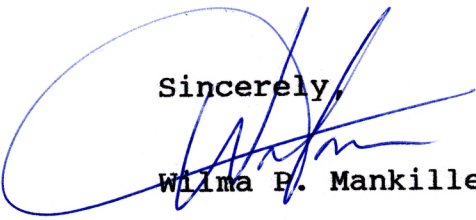

I sent a hand-written card to Alida and did not keep a copy. Also, would you please remind Ann Roberts to send a note to her as well.

I have not received a response to my letter to Skip Hayward at all. I have just this week re-directed the letter to Mickey Brown, the business manager, who seems to have enormous influence over the financial decisions of the Tribe. Wait about two weeks and if I haven't heard from him, we can decide how to follow up.

Enclosed is a copy of a FAX I sent to Gloria. I am sure she would be delighted to co-sign a letter.

Best wishes.

Sincerely,

Wilma B. Mankiller

The Wade Brown letter is fine!
