Dear Wilma,

I finally made it!! June 17, is the big day for me. I have made my parents and grand parents very proud OF me. I owe them so much for their love and prayers. Because OF them I have stayed drug, alcohol, cigarette, and coffee free.

I took a course in cabinet making in high school and I received an award in ROP from the foothill area. I was also chosen student OF the year from the teachers.

I played Jr. varsity baseball, water polo and senior varsity baseball. I was chosen captain OF my soccer senior varsity team.

I am looking forward to an exciting year in college this coming fall. My major is business and my minor is cabinet making.

I don't believe they are to many young american Indians nor any young person who have been as fortunate as I have.

The problem regarding education is there isn't enough money for us young people who want to ~~pur~~ pursue higher education.

yours truly
Christopher Ruiz
