An investigator from this Office will contact you in the near future to further clarify and define the allegations contained in your complaint. Although our Office has established jurisdiction over the subject matter of your complaint, the conduct of an on-site investigation is pending. If it becomes necessary to conduct an on-site investigation, a representative from this Office will contact you to arrange a date for an interview.

Preliminary review and investigation of your complaint will begin on May 8, 1993. By September 4, 1993, barring unusual circumstances, OCR will determine whether the evidence supports the allegation that violations of Title VI of the Civil Rights Act of 1964 and Title IX of the Education Amendments of 1972 have occurred.

If we find that a violation has not occurred, we will send you a letter of findings (LOF) that summarizes the basis for that determination. However, if we find that a violation has occurred, with regard to this case, OCR will attempt to resolve the matter with the UOHSC before issuing a LOF. If we are unable to reach agreement, we will then issue the LOF.

We will have 60 days after the issuance of the LOF to negotiate a remedy with the UOHSC. If we are unable to agree upon an appropriate remedy by November 3, 1993, OCR is required to initiate enforcement action within the following 30 days. We will send you a letter of findings.
