Subj: Project '93 - Public Picketing of
The "Federal" Reserve Banks Nationwide

NOW IS THE TIME FOR ALL PATRIOT - CONSTITUTIONALIST ORGANIZATIONS IN AMERICA TO COME TOGETHER AND WORK TOWARDS ACCOMPLISHING ONE MAJOR GOAL BY THE END OF 1993: Abolishing the IRS, eliminating the federal income tax and rectifying the situation with the "FED", INC.

Tomorrow we will begin our public picketing of the Denver "FED". We have a big banner that says: Eighty Years of Fraud Is Enough! The "FED" is not an agency of the U.S. Government, It's Fraud - Find Out the Truth. We also have 20 carry signs with various sayings on them that refer to the sacrifices Mr. Clinton wants us to make in higher taxes and where those tax dollars are actually going.

Enclosed is the booklet/petition we will give out. Oh no! Not another petition...This one is different. Read the last two pages and you'll see that if the House does not initiate legislation within 30 days after we redress in October, we will immediately take legal action against them. We're not asking anymore - we're telling.

The booklet is comprehensive. It has to be. You can't explain this in a 15-second soundbite. You can't do it in a two-page brochure. We must give the American public an intelligent, articulate statement of the facts and what they mean to them personally [and to their pocketbooks] in order to gain their support.

We have all seen what Clinton has done in just the three weeks he has been in office. Can you image a year or two from now? If this effort is done border to border, coast to coast, I believe we can raise such a public outcry we could possibly see him brought down in an impeachment. No one is going to believe that Clinton, a Rhodes Scholar, does not know the truth about the "FED". One of his chief economic advisors during the campaign, Mr. Reich [now Secty of Labor], another Rhodes Scholar and economics professor - he didn't know the truth either? That's why the booklet has to give the whole story and not just a few catchy lines.

All of you are involved in one group or another as I am. I think the only way we are going to make an impact in time to save us from being sucked into the New World Order is to shut down their money machine. In order to do this, all of us, every patriot group needs
