Dear Chief Mankiller:

My daughter and I have started collecting autographs of persons we admire. It's a great hobby that we can both share, not to mention the thrill of receiving your reply.

I could go on but I am sure you are very busy so I will simply ask you to please be so kind as to autograph the two cards I have enclosed?

We certainly appreciate your considering our request and have enclosed a stamp for the return postage.

We hope you are well and thank you for reading our letter.

Very truly yours,

Eileen Burns *6/26/93*
Delay

P.S. As a professional woman I'm thrilled to see a female representing the Cherokee Nation. You have my deep respect and honor.
