Greetings:

From the land between the frozen rivers, better known as the halfway point on the Trail of Tears, here in Vienna, IL.

I met with your conucil last fall in Cape Girardeau, MO., when we took the bus trip across Southern Illinois to follow the trail. On the return trip we stopped at this site in the enclosed picture.

As Project Director and Overseer of this site, I am asking each state to help on this project by sending us a courtesy state flag, 3ft x 5ft., all weather flag. We would like to receive a new flag each spring to keep our Memorial Site looking nice for the public. As you can see by the picture of the site, all states are represented from the trail. We have received two state flags already. We would greatly appreciate any help on this project from your state.

Please contact us if there is any way we can help you. Thanks for your time and consideration.

Sincerely,

Phillip Morris
