Tahleqah, Oklahoma 74465

Wilma Mankiller:

We have heard many great comments about you from David Knapp the student advocate for the Native American Student Organization here at Western Michigan University.

I have taken the liberty of submitting your name as a possible candidate for WMU's King-Chavez-Parks (KCP) Visiting Scholars Program. The thrust of the program is to bring minority scholars on campus to give lectures in the area of their expertise to students, faculty, and staff during a one week period.

If you should be interested in our KCP Visiting Scholars Program please contact our office so that we can discuss consulting fees, transportation, etc. Please be advised that this one week commitment would have to take place prior to December 31, 1993. Our telephone number is (616) 387-3329. I look forward to your response.

Respectfully,

Mike Ramirez
