Dear Wilma,

4/5/94

It was really nice to see you in Denver last month. You are such a great inspiration to so many women. Before you arrived several of my friends, Indian, white & chicana called to invite me to hear your presentation at Aurora. I've been living in Colorado since March of '93. I landed a contract at Regis Univ. Center for Nonprofit Org. Leadership. They were funded by the Hunt Alternative Fund to org. a conference on Social Responsibility in the Arts. Since then, I've been doing a lot of other things. I also spend time in Madison w/ my husband who is at the Univ. of Wis. in Grad School. Well if I am ever in Oklahoma I will be sure to give you & Chaetic a call. Take care -
