Dear Steve:

Thanks for your recent letter. I would be happy to meet with you and the students you mentioned at any time. Just call Nita, my assistant, to set up an appointment.

I don't personally take interns but many of the departments at the Cherokee Nation take interns, particularly during the summer. If you will send along a resume of the students wanting internships, I can pass it along to the directors to see if there is any interest in pursuing an internship.

It was great hearing from you. I am glad you enjoyed the book.

Best wishes.

Sincerely,

Wilma P. Mankiller
Principal Chief
