April 3, 1994

Dear Fellow Cherokee

We are having a meeting to revitalize the Texas Cherokee Community Organization. We hope that You will come and help us.

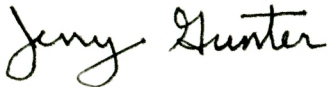

If you can't attend, please send us your name and address, so we can keep you informed of activities.

The meeting will be held at the Sammons Center for the Arts, 3620 Harry Hines, on Saturday, June 11th at 1:30pm.

That is the beautifully redone Dallas Waterworks building where Harry Hines and the southbound Tollway come together. To get there, go north on Harry Hines from downtown Dallas. Stay to the left when the Tollway goes right. Look for the entrance on your right immediately after you go under the overpasses.

It's worth the trip to see the building.

Please come,

Jerry Gunter
David Alcoze
Michael Armour
