

I recommend that you take such action as will effectually prevent non-citizens from building ranches or holding cattle upon our domain.

The officers of the different districts have submitted to their office lists of intruders and the same have been transmitted to the United States Indian Agent, accompanied with a request for the immediate removal of the intruders.

A bill to reimburse the "Creek Orphan Claim" has passed the United States Congress; and it is to be hoped that it will soon be paid.

A full report, concerning the matter, will doubtless be presented by our delegates who were at Washington City during the last session of Congress. I would suggest that you send one delegate to Washington City to take care of our interests during the coming session of Congress.

The introduction of intoxicating drink into our Nations limits has heretofore been the cause of much trouble and uneasiness. Many of our citizens have been taken to the United States Court, which is remotely situated, for the purpose of giving testimony &c in regard to such cases, and much vexation and expense has followed. I would suggest that you so amend the liquor law as to put an entire stoppage to the introduction or sending of whiskey and all other beverages, which are supposed to contain the least intoxicating matter.

There should be provided, some means for the preservation
