INDIAN TERRITORY STATISTICS

The Muskogee Phoenix gives what is supposed to be an accurate statement concerning four Indian Nations, viz: Creek, Cherokee, Choctaw and Chickasaw, showing the amount of land, number of Indian inhabitants and those who have been adopted into the different tribes along with the apportionment of land each will receive:

CHOCTAW AND CHICKASAW.

Estimated number of Chickasaw

citizens by blood.....	4,230
Intermarried whites.....	318
Freedmen.....	4,500

Estimated number of Choctaw

citizens by blood.....	14,256
Intermarried whites.....	950
Freedmen.....	4,200

Total estimated citizens, inter-married whites and Freedmen..... 28,454

Total number of acres in Chickasaw Nation..... 4,650,935

Total number of acres in Choctaw Nation..... 6,688,000

Total both Nations..... 11,338,935

8,700 Freedmen at 40 acres each.....348,000

Estimated reservations for townsites, R. R. rights-of-way, schools, churches, court houses, cemetery grounds, etc.....100,000

Total.....448,000

Net acreage to be allotted to citizens, excepting Freedmen..... 10,890,935

This number of acres divided equally among the 19,754 citizens of the Two Nations, exclusive of Freedmen, would make a per capita allotment of (acres)..... 551

CREEK NATION

Creek Indians by blood.....	10,014
Freedmen.....	4,757
<hr/>	
Total population.....	14,771
Total number of acres in	
Creek Nation.....	3,040,000
Less estimated reservations for	
town-sites R. R. rights-of-way, schools,	
churches, court houses, cemetary	
grounds, etc.....	30,000
Leaves net amount (estimated)	
number of acres to be allotted	
among the 14,771 citizens at.....	3,010,000
Which, if divided per capita,	
would give each citizen (acres).....	203

CHEROKEE NATION

Cherokees by blood.....	26,500
Adopted intermarried whites.....	2,300
Freedmen.....	4,000
Delawares.....	871

Shawnees..... 790

Total..... 34,461

Total area of the Cherokees

Nation (in acres)..... 5,031,351

Less estimated amount of land to
be reserved for townsites, railroad
rights-of-way, schools, churches,
cemetery grounds, etc..... 60,000

Leaves the net (estimated)
number of acres to be allotted
among the 34,461 citizens at.....4,971,351

Which, if divided per capita,
would give each (eacres)..... 144
