ROLEY MCINTOSH TO GEORGE WRIGHT

Okmulgee, I.T. Nov. 26th 1898

Hon. J. Geo. Wright
U.S. Ind. Snspector
Muscogoe I.T.

Dear Sir:

Now that the department of the Interior under the act of June 28th last, has taken upon itself the work of collecting royalties, rents, ect. due the Creek Nation, I desire to ask your attention and action in the following case. A Creek citizen Robert Stewart by name it appears obtained from Creek Treasurer Childres for cutting railroad ties and furnishing the same to the railroad company, as provided by Creek law. Under this contract, he did business with the railroad company for a considerable time when the honorable W.B. Moore took the office of treasurer, and under it, he Stewart continued the tie business; but Moore declares that said Stewart has never paid into the treasury any money as provided by our laws, although it is alleged that he has done a large business in the furnishing of ties by which a very considerable amount of money should have been paid into the Creek national treasury, Mr. Stewart lives at or near Holdenville, this nation, N.B. Moore former treasurer at Muscogee, and E.B. Childers at Wagoner this nation. These two latter named gentlemen would doubtless be valuable witnesses as to whether the said Stewart

did obtain tie-contract from them, and whether in consequence of said contract he paid into the national treasury at any time any money. I desire that you take such action as will cause an investigation of this matter to the end that our treasury may be reimbursed, if it shall appear that it has been kept out of any moneys lawfully due to it under such tie-contract.

Very Respectfully
