Honorable Guy C. Cutlip,
Wewoka, Oklahoma.

Dear Sir:

I congratulate you and the State upon your appointment to the position of Judgeship in your District.

You are qualified to fill this position with credit to yourself and the Bar. I hope you find the work so congenial that you will be induced to give a long service in this position.

My observation is that the best judicial service is rendered under systems where, whether the tenure of appointment or election is short or long, the practice is to hold Judges in office for long terms of service and I hope that as our State grows older and in the revision from time to time of our judicial system all changes and conditions necessary will be developed to induce long tenure of office for our Judgeships.

With highest personal regards and best wishes,

Respectfully yours,

SWH-C
