Wewoka, Oklahoma

My dear Mrs. Cutlip:

Your very kind letter received, relative to the campaign of Governor Wm. H. Murray in Seminole County, and I want to beg your pardon for writing you at the time when you are in such a disturbed condition of mind and health. I sincerely trust you will not think it lack of consideration on my part, for as you know your husband did not have a better friend among the women of Oklahoma than myself, who always held him in highest regard as being one of the finest and most splendid gentlemen I have ever known.

In the June issue of the Oklahoma Chronicles you will find the eloquent address he delivered at the installation of Mrs. Alice Davis in the Hall of Fame of Oklahoma. It was my desire that she have a memorial in the Chronicles, and Mr. Cutlip's address was one of the finest things that could have been said about her. Strange to relate we had selected his address to be published as her memorial before his death, and in a way it will now be a memorial for both of them.

*Imagine! Will Claude do this? Ann B*  
When you find the time I wish you would have someone write a good biography of Mr. Cutlip, so that we may file it away in the Archives of the Oklahoma Historical Society, together with a good portrait of him, as he is one of the builders of our Government, and there is no honor too great we could pay him.

Let me hear from <sup>you</sup> again, and may I express my appreciation for the list of names which you sent, and which I will use. Should you come to Oklahoma City during the time of the campaign, we will be pleased to have you come in to Headquarters for a conference in regard to the situation in your county.

With kindest personal regards,

Sincerely yours,

*Jessie Moore*
