Mr. Guy Cutlip,  
Wewoka, Oklahoma.

Dear Mr. Cutlip:

Last Saturday Mr. Bates and I were in your office and discussed with you the matter of purchasing some royalty under the Cocker heirs' one hundred and twenty in the NW $\frac{1}{4}$  of Sec. 36 - Township 9 North, Range 5 West, Seminole County.

We are willing to purchase twenty acres of royalty under this land at the price of \$175.00 per acre. You thought perhaps you might be able to deliver this royalty either under the NW $\frac{1}{4}$  Section 36, or NE $\frac{1}{4}$  NW $\frac{1}{4}$  Section 36. In the event you can deliver this royalty to us we will be willing to pay the cost of an abstract as suggested by you when we were in your office. While there is no great rush about the purchase of this royalty, the sooner we know whether or not you can deliver it the better, because we may purchase royalty under other lands in that vicinity, and if the matter drags out too long we might be able to fill our requirements from other sources. I suggest that if at any time within the next ten days you get anything definite from the Cockers you call us over long distance at our expense, phone No. 3-2988, so we can confirm any deal that you may make. We prefer a Mineral Deed taken on the J.Z. form, and it should be made to Gaskill Oil Corporation. You can attach draft drawn on Gaskill Oil Corporation to the deed and send it care First National Bank, Tulsa, Oklahoma.

In the event you find any other royalty for sale in the immediate vicinity of this acreage, we shall be glad to have you submit us a price on same.

Trusting that you will be able to close a deal for this royalty, we are

Very truly yours,

GASKILL OIL CORPORATION
