

March 11th, 1930.

Shell Petroleum Company,  
Wulsa, Oklahoma.

Gentlemen:                    Attention Mr. Jas. A. Green.

Your letter of February 27th with reference to the Bethel well in Section 17-9N-8E, received. We have referred this to our field agent in that district, Mr. Frank Allen of Holdenville, Oklahoma and received a report from him this morning, which has caused the delay in answering your letter.

Mr. Bethel has filed bond with us to guarantee the proper plugging of this well in case it should ever have to be plugged and that is O. K. with this Department. So far as we are concerned, it will be all right for you to assign this ten acre lease to him and we will look to him for proper plugging of the well instead of your company, in case it should have to be plugged in the future.

Yours truly,

CORPORATION COMMISSION OF OKLAHOMA.
