TULSA, I. T. July 18th 1907

C. Guy Cutlip

Wewoka I.T.

Dear Sir:- Send me 640 acres of those leases to the Central National Bank of this place, sight draft attached, no protest subject to examination. If you don't want to send them that way send them direct to me and I will send you a check for them and return the copies to you by mail. Don't forget to mention in each and every lease about the use of the timber and also the drawing of the casing, and if any of the leases are taken from married men have their wives to join them in the execution.

Make all the leases to Frank Chesley. Let me know when you get those other Two thousand acres in shape. Keep me posted if any thing else should come up. If you should run across any good land for five or six dollars an acre let me know.

Yours respectfully,

*Frank Chesley*
