E. Guy Cutlip  
Seminole, Oklahoma.  
Dear Sir:

I was very surprised to receive a letter from one having my same name, and you must surely be of the same family. as my grandfather, Abram Cutlip, left his family in Virginia when he was (15) fifteen years old. during the Civil War, he came to Ohio and was married there and then later came to Oregon to Marshfield and took up a homestead up Coos River. He had three boys and three girls. one boy. (my father) and two girls. now living. My father, Sherman B. Cutlip had eight children, five boys and three girls, six still living.

His children are Nathan Cutlip, who lives on a farm near Marshfield. Guy Cutlip, who lives at North Bend, and drives truck and is a salesman for his brother, Lorenzo Cutlip, who owns an ice-cream factory in North Bend. Mrs. Elaine Stowbridge, who is visiting her parents at present.

Robert Cutlip, who works for the Bank of America at San Francisco, and Mrs. Eleanor Shriver of Marshfield.

I, Guy Cutlip, am 42 years of age, and have lived here on Coos Bay all my life with the exception of the time I was in the army, during the World War. Part of the time I was stationed at Norfolk, Virginia and heard of a Cutlip near there who was a lawyer. I wanted to go and see him but did not have an opportunity to do it.

I am married and have one boy and one girl.

I and my family were very much interested in the history of the Cutlip family. My grandfather was so young when he left home that his knowledge of the family was very meager. My father thinks his grandfather's name was John, but has no record to be certain of it. Perhaps you have records which will show whether there was a John or an Abram Cutlip in your family and will let us know.

I am sending a picture of my father and mother, and would be pleased to have one of you and your family.

Yours very truly,  
Guy A. Cutlip.
