

I don't know him personally, but I know who he is when I see him.

(The United Kee-to-wah's. Well what does Kee-to-wah mean in Cherokee?)

I didn't know what that onion supper was for. They didn't say in the paper you know, what it was for. I knew they were having it. That's something we'll both have to learn because I don't know.

(Yeah, It's just a word or a name? like a name?)

As far as I know it is. If you ask Bill Glory he tell you because I don't know just what it means or just what it is.

(I know I've heard them speak of the "Night Hawk Kee-to wah's".)

Yeah. I don't know what that "Kee-to-wah" is.

(Un-humn, I believe Crossland Smith and his family belong to the Night Hawk Kee-to-wah's, don't they?)

I think so.

INDIAN DOCTORING - INCIDENTS

(Now, his Daddy is a Doctor, and Indian Doctor, isn't he? Or used to be?)

Well, I have heard that he was but I don't know much about them.

(Did you ever go a an Indian Doctor, Lou, when you were younger?)

I probably did. I don't remember ever going.

(Un-huh)

I know I took my baby one time when ~~he~~ was really small and that's the only time that I have ever taken them to an Indian doctor.

(Did he get well?)

Well he wasn't really sick. It was just something that, you know, Indian babies get.

(Un-huh)

You take them to the Doctor and they have them, you know, they do something to them. It supposed to keep something away from them or something like that.
