enough. She said there would have to be 10 members to get it organized and get a charter. So that is how come she came out.
(You mean after--after she came out, did'she do the one-was she the one who, wrote to this organization headquarters?)

No .
(You had to form a clubbefore you did that, huh?)
Welĺ, we have to-we have to call the different one that was eligible for membership. We call a, meeting at the church house.
(Oh, Friends Church?)
Friends Church. And we had a meeting therg.
(Were you 11 people there then? Eleven woman were there then?) Un-hun.
(And they all kind of agreed, more or less, too.)
(Osage words) in there too?'
(I don't pemember.)
I don't remember" eifher. Well, we gathered to the church and had a meting so there was enough there to have. Before wa wrote in to state asking them. if we could have a charter"here and he told us, he wrote back and we kad to have eleven members.
(Ten members)
Ten members to organize and then get a charter. So. we had to call a meeting and people from the state: state president, state secretary, and so and so, came. I remember the time and Raymond White was there. He helped us. Charley Whiten..
(Un-hun.)
So, we--there was enough of us. We really had a hard time deciding the name.
