

Wear their good shoes to church on Sunday. Wear their old wooden shoes then take them off outside then put on their good shoes and go in.

### PLOWING IN EUROPE DURING WORLD WAR I

I seen them plowing over there with (words not clear) on the hillside.

(Yeah.)

And they plowed wit horses. Four horses on the plow, one man was leading and the other was on the plow.

(Well.)

They worked them horses tandem style. They didn't work by the breast like we do over here.

(Yeah. Yeah, they should keep on teaching Oklahoma history like they did in your day. There's a whole lot to it. Now people don't realize how much there was.)

That's right.

### MORE OLD TIMERS

(Especially about all the old timers that lived and the things that they done.)

Did you ever know the Wards, Neal Ward up here?

(Yes: Now was he the one that started that War's Grove school up there?)

No. No, he wasn't. I don't know who started that.

(I don't know who started that Ward's Grove.)

Close to it.

(That's who that was.)

His name was Jack Robinson.

(Jack Robinson.)

He had a boy, younger boy, same as the other, Jack Robinson.

(Yeah.)

They're all dead now.
