

Used the Red Oak.

(Redoak.)

Mostly, PostOak.

SULPHUR - RADIUM WATER USED FOR HEALTH PURPOSES

(Is that what they call the sulphur water, radium water?)

Called it radium water.

(Radium water. Well now, I guess, it's always been there, hasn't it?)

Well, no, it ain't always been there. But they build a well up there east part of town and that's the kind of water.

(Well.)

And they drilled another one down closer to town and the same thing.

They called it radium water.. And some people claims that is good for rheumatism. People come in take radium water baths. We have seen some people come down there on stretchers and they walk away after couple or three weeks.

(Then there must be something to it?)

Well, I wouldn't call them myself. Course, when I took them any kind of water would have done me good. (laughter)

(Use anything?) (laughter)

Third: Gather every year.

(Oh they come from everywhere down here.)

Third: Stay and take them baths, you know.

(Well, that's still a big business there, I guess.)

Third: Oh it's (word not clear) some of them.

(Yeah)

See they have a place there go to Roger's hotel. You can get a radium water bath. Different placea around there. (sentence not clear) Talk my lady into--what they call Radium Town--that's the east part of town. There's some places up there they close as (words not clear).
