

Mr. Clement: You mean twenty-five units. Or twenty-five percent?

(Participant, lady:) Twenty-five percent.

Mr. Clement: That'll be about twelve units. Fifteen...

Mr. Clement: Like to take 'em. Well, I'll think it'll be better for you if take 'em back with you. So let me go upthere and get those for you. Before you leave today.

(Participant, man:) Want to bring you up on this. These folks come from Oklahoma City and everywhere else. If you carry 'em out here today then there wouldn't be a possibility of to remail, so on and so forth.

(Participant, man:) Well it'd be better to have 'em in hand.

Mr. Clement: I'm sure they'd probably appreciate it.

(Participant, man:) Sure.

Mr. Clement: Now then, this next page here. Page  $\beta$  here. It gives you long
