Talk by Dewey Dailey:

I'm sure all of you know that in several tribes of our people, there are patriotic organizations. War Mother's and War Dad's. Who help out in hard times (unclear) and had to go to service. Organized and with us tonight we have the group of War Mother's from Hominy. They ask to be given recognition. At this time with one song at this time. And if you will do like you always do. They always try to give respect and honor to these ones that the gathering is for. So that's the way the folks from Hominy wants to do.
