

is going to be thirteen in December and her name is Norma Sue and they're getting to be quite frisky right now.

(Well, they're both getting to high school now, aren't they? They go over here to Hulbert High.)

Yes, and I hate to brag on 'em, but they're pretty, well I would say intelligent. Been passing all their grades and they are doing pretty good.

(Mark likes sports a lot, too, doesn't he?)

Oh, yes. Now in my life, back in--well, say four years back, some VISTA volunteers come over here, they gave me an idea, which was good and I took it. And Robert Billy, Robert--what was his name now?

(Steve Mitwack and George Bilky)

#### WORKING WITH LITTLE LEAGUE

George Bilky give me the idea and Steve Mitwack, he said, why don't you get a group of boys and form a little league around here. I said, you got an idea here, so four years ago, we started and I have been with these boys for four years now. We're still going strong and Mark is--developed himself to be a good sportsmanship--a good sportsman. He has a lot of intelligence and he's got--well, I would say ability. He's energetic. He's been doing pretty good and I've got a boy--boys that I started with four years ago I still got 'em and they're doing pretty good. Doing real good and right now this summer, which we've been doing it for about four years, four years now we got lot of trophies in the Hulbert gymnasium. There's a tournament trophy, first and second place. This year we're in a league called the Tri-county league, which includes Okay, Coweta, Fort Gibson, and Hulbert, and we haven't lost but one game out of nine games so far, with big preps they call it--thirteen and fourteen year olds. And the smallest ones, which I have is--they range from nine year old to twelve. Now they're doing good, they've got a record if I can remember right. I think they've won nine ball games and lost three, which is pretty good.
