

many on welfare cases. You'll find somebody in that family who's working or trying to work just to keep the family off the welfare rolls. (Really, now this is in the Western tribes?)

This is in the Southwestern tribes.

(Those Plains tribes. Those warring tribes.)

RELIGIOUS BELIEFS

Well, they use to be the war-like tribes. Back in the early 1900's they were the plain old religious feelings, you know. And because of this they changed their whole attitude. Religious aspect has given them more sense of direction.

(Now, you were probably brought up in the church?)

I was brought up in the church until I turned twenty-one. I finally found out what everything is really like. In fact, when I first started out in college, I was going into the ministry. After a year of college I knew that I couldn't do it. I eventually plan to take it back up. Maybe when I get middle age or something like that.

(What religion is that?)

I'm a I guess you could say Mennonite Baptist. Have you heard of that?

(No, I haven't.)

Well, don't ask me to explain it.

(Is it too difficult?)

It's not too difficult--

(It's just too long, huh? No--)

Southern--American Baptist would be better, or anyway, the same thing Billy Graham is. (Laughter.)

(Well, I wanted to ask you to--well about the parents and the jobs.

Do you feel like that sometimes the Indians--I mean don't let me put words in your mouth. But do you feel like sometimes the Indians get jobs at the bottom of the barrel? I mean sometimes they're qualified, they're just as qualified, and they walk up. They're in a line and
