

(Is that that place right there at the junction where highway goes to the left and ther other goes on to Gore?)

No.

(What do they call that place there?)

Where's that?

(You know down here where one highway goes over to the dam and ther other one goes on to Gore. Is it High 10A, I believe. Then Highway 10 goes straight on towards Gore. I know there's a paved road that turned to the left there. There's a store.)

I ddidn't notice what number that highway is.

(I just wonder if that place had a name)

This one that goes up to Ft. Gibson, this is 8.

(Yeah.)

That may be 8. I don't know what it is. I been over enough. I ought to know. My brother-in-law would know where find it.

(About when did this town really start as a town? WAS that back in Territory days?)

Yeah.

RAILROAD IN EARLY DAYS

(Before they had a railroad here, I guess.)

Yes.

(Interruption.)

(Yeah. Yeah, most of those old settlements that's where they had the post office. Right in some store. (train whistle in background) That old whistle's different from the old steam engine, isn't it?)

It sure is.

(Sure like to listen to those back in those days.)

(Interruption.)
