

(What does that mean?)

I don't know--how would I pronounce it? It's "young men" clan.

Young Men Clan.

(Would that be younger men than the Stars?)

Yeah, younger men than the Stars.

(Then were there any other?)

And then there was a dance they used to call Crazy Lodge.

(How do you say that?)

haha. ʔae.n ʔnaʔ That's all I know.

(This Crazy Lodge--were they older men?)

Older men. They used to paint their eye on one side. And they used to have big fire and they used to hold this fire shut and they used to dance around four times, I think, and then they used to run over that fire and just tramp on it until it was out.

(Did you ever see that?)

I seen it over here east of Canton. I seen it.

(Which one was the youngest men?)

The Goats.

(And then which came next?)

This nou.xin ʔnaʔ

(And then which one?)

Then haʔaʔahu.haʔ -- Stars.
