

means, you can take that. _____, that has two syllables, that is "alone."
 _____ that is five syllables. That means "Lone chief." He got that name because he scouts around. He goes from place to place and tribe to tribe. He just likes to roam all the time and he goes alone. He don't hardly go out with a band. That is the reason he got his name, "Lone Chief."

GRANDFATHER'S TRAVELS

And he has been up in the Northwest, up around Wyoming and Utah and back along the coast to California and lower California, and then on down to the Rio Grande, El Paso, and Chihuahua (Mexico) and all through there.

ORIGIN OF THE FORTY-NINE DANCE

Lubbock and Western Texas and he has songs made, what they call forty-nine song by H. Cotton. That's not what it is, that's a white translation for forty-nine which the Forty-Niners had at the time of the gold rush was in 1849. I guess or somewheres along in there. And there was a big rush on down there. And they call it Forty-Nine and when they learn these songs, and they call it forty-nine. And it was similar to that rush, they all start singing these songs. Well, so much for that.

RAIDS

But, actually he seen some in his time. He witnessed some of these raids but he had no part in it. He was just like some of these war correspondants in the war zone. He say this take place, saw who was leader because he told me the names of them but I don't remember them right off.

(Around here?)

Yes, in Texas.

(Oh in Texas.)

Yes, in Texas. Around Johnson City, and up west of the Pecos and all up in there.

He went into these, what you call them Kiowa warriors they out there. They use to go out raiding for horses, that was what the main object was that they...they raid these settlers especially the Spanish. They had the horses. They go down there and raid
