

to no Holiness, I believe that he had his voice. I guess he thought well I'll just talk them, talking my way.

(Yeah)

I told him if you don't believe it, read it. Twentieth Chapter, Book of Mathew 19th and 20th verse. That's what we stand on. We don't limit it. We're allowed to go in all worlds. 'Course we don't do it, but we're allowed. He wasn't doing it limit our worlds. A man can go anywhere when it's Christian work, why, no law to stop us.

(Well that was real interesting stories and--)

Yeah.

(. . .you told. We enjoyed it.)

That was kind of a hard go, but we--when they sent us over there, as Caddo. We had to find a place to stay. We couldn't go back and forth. Cost too much, troops of war. Then I went over there, Paul Frank he says, you all come over now and I'll take you to these places, empty houses. You all can pick out one you want. We seen about seven houses. One I wanted was down on the creek, down in the jungle. Oh, the weeds was tall as the ceiling all around elevating there? Good house, but oh it looked snakey and spookey. Ella didn't like it, I told her, I don't mind these weeds. I can clean them up. I like the house. Paul said, well the owner is in Anadarko. I'll go with you all down there. You all can see her. Some widow woman owns it. Her man died and she moved to Anadarko. We went there and talked to her. She said, oh yeah I'll be glad for you all to move in there. Just to kinda protect the house. Said I won't charge you all nothing. Just live there long as you want to. So, we did, but it was a creek. Whenever come a big rain water come up. Water come up, didn't quite come in the house, but it almost come up in the house. Little more rain it would have come up in the house. We lived there 8 years. There wasn't no road. We had to get down there. There was a road, had been a road, but it was all washed out. People couldn't use it. We had to cut us out another road. There wasn't no way. We had to haul water. Haul water from a store over there. Had plenty wood if we'd cut it. People would go over there to help us in that church. They'd stay all night
