

than the qualified--qualification. We set up that they can be qualified for about 235, I believe that is what they (we) said. You can sell the place, but you have to live in it for one year, before you can do anything to it. Even if you had forty acres, you have to have one acre for that housing, abstract to cover it. If you can't pay for it, and died, you have some kin-folk take over. Some of the Indian are sure against it, they think they might get cheated out of the one acre. They sure are scared, you just have to tell them and explain it. The contractor that we have is Bruce is the name out of Oklahoma City. Already they have the given the keys to the people whose house is finish. We have order 200 more houses to be built. All the Indian in Seminole County can have a brick house, built for them. They can have three, four and one bedroom house. And all the things that goes with it, refrigerator and a stove. The house is guarantee for one year, if you have any problem report it to them within one year and have, will have it fixed for you. But if something happens after the year is up, you have to fix it yourself. Whatever the problem is. They sure are beautiful homes, you can just stay home. Some of the Indian don't even know how to clean their house. So we are gonna have to get after them about that. Show them how to fix the beds, and the curtain make some improvement. If they build a new house, for you and you help along. You don't have to work hard. And after that is all finish, you have earn twelve hundred and fifty dollars. You already own that house for that much, without paying it out of your pocket. If you plant a flower bed, or put up a fence, or even put some grass on the yard: You get \$2.50 an hour, \$2.00 and so much cent. You go and tell the authorized person about how much you have worked. You will have a discount, they take so much off of what you earn.
