

to him, "I want to be saved." I said, "I want Jesus Christ to come into my life, and that I want my sins to be forgiven just like this Prodigal Son that was so unworthy but he came back." This is how come I say that this life that I had led is just like the Prodigal Son. And it's one of the golden message that's in this 15th Chapter of Luke because everything that I was, it was pointed out to me, and I gave my life to the Lord and from that time on, the things really did happen. My children were saved. Three of them were saved in that church. I was Sunday School Superintendent at the time I surrendered to preach. I knew that there was a turmoil in the church. Somehow or another, I just couldn't help but how to answer to the Lord's calling of His ministry. And I wasn't very old in Christ, but it seems as if I had been prepared somewhere along the line and that I just couldn't overcome this calling. I knew that from the car accident, I could, cannot speak well. I know that you will notice this in this recording that some words that I cannot pronounce well because I have a numb spots in my mouth yet that some of the words that I have to work over and over before I could ever learn to pronounce them. This is one of the things that the Lord can do for you. He can heal you. The things that you do not know, he will reveal them to you, and if you feel like you're a handicap, you just ask the Lord to deliver you from this handicap, and he will do that because I know that I have some handicap somewhere. I just don't let that bother me. When I get behind the pulpit to preach, I want to expound the truth, just like Doctor Jordan at the First Baptist here always say, "Tell the truth and stay in church." This is what I try to practice. I know that I'm lacking in a lot of areas. I have a lot of pointers that I need to correct, such as speech. I think that, whenever I pray, I just pray that the Lord will use me as His instrument that He will take control of my tongue, and that the words that will flow out would be His words, not mine. Therefore, I have no trouble in bringing a message. I know that since I have started preaching two years ago, I have been in various churches in Muskogee area. As a matter of fact, throughout this state. I have preached in many pulpits and I know that the Lord has blessed with many of the decisions. I
