/words not clear/ several years. And I finally got it back.

But I got it back that thing went plumb to Bolivia.

(Well.)

KNEW BILL MURRAY IN BOLIVIA

I knew a family. Early governor, old Bill Murray.

(Yeah.)

Old Bill Murray sent thirty families of Indians or ten families, been so long ago I forgot, to Bolivia. Way back yonder. Thirty-five or forty years ago. And that family /sentence not clear/.

Except this one family. And this girl, she made a pretty prosperous woman. And she was over there at the Methodist church making

pictures and showing them pictures and so forth. I didn't go to

church. I said to school superintendent, I said, "did you get

that woman's address?" Said, "yeah." And I remembered then coincidence

when old Bill Murray had sent 'em over there.

(Yeah.)

I corresponded with her for quite a while, but I finally quit.

Can't write. Can't see,

(Yeah.)

Just too /words not clear/. Then my boy got killed. They sent me

one of them books. But that's all further down when Ft. Smith

was the headquarters for the Cherokee Indians. You got all that

down?
