

(How did that happen?)

Well, they just used their means. Of course I didn't belong to it, but that show it was done.

(Did they take you into the Ghost Dance?)

No, they didn't take me, just one of the men a member of that, why uh.

(Was there special meetings for that?)

No.

(Did the man just come over to your house?)

Yeah, they invited him over.

(You remember you were talking about the society? Could you tell me something about that?)

Well, that was the Ghost Dance people.

(Who was in it at that time?)

Well, there were several. I think there were the Crow and what was the other? I can't think of the other now. Well, anyway, I think there were 12 in each division. That belonged to this dance and they could practically hypnotize anybody that they wanted to.

(Is this a Caddo society?)

Yes, uhuh. It's an exclusively Caddo that I'm talking about now.

(Who belonged to this society? For example were just men members of it?)

Well there were a few women. Just how many I couldn't say but I do know there were 12 men. In each division including these seven men were adopted I mean were picked by Sitting Bull at the time.

(Do you know the names of any of the men that were in it at that time? For example, the seven men who were picked?)
